PACIFIC

PREMIER BUILDING MATERIALS SUPPLIER

WHAT WE DO

MATERIAL SUPPLY

Windows, doors, architectural hardware, and high performance building materials.

Shop using our online store to keep your jobsite stocked and crew outfitted with the necessities.

CUSTOM FABRICATION

Know what you want but unable to find it? We'll build it for you, using the materials you want, and creating the custom look you dream about.

PACIFIC DESIGN ASSIST PROGRAM

We guide you through product selections and construction details, and connect you to the industry's best. Contact us to inquire about program options.

TITLE 24 CODE COMPLIANCE

Our energy consultation team will help get your project under Title 24 compliance, and align your report with your window and door selection, whether it's a new build or a revision to your current report.

INSTALLATION AUTOMATION INSTALL TRAINING

With a philosophy steeped in best practices you can rely on us to do the heavy lifting, or train your staff with our trusted process.

3D RENDERINGS CAD DRAWINGS

Having trouble visualizing your product design or need edits to architectural details? We're your source for accurate images and 3D renderings of your project.

INSIDE PACIFIC

Founded in the Bay Area, Pacific provides material supply, consultations, design, and construction services to the luxury and high-performance building markets.

We approach our industry as a craft, continually pursuing refinement aligning with contemporary building science, and establishing strong partnerships with other industry leaders and subject matter experts. Our mission is to become the most progressive, authoritative voice in the building materials industry.

We believe the built environment should be beautiful, sustainable and just.

We are proud members of:
Passive House Alliance US
FGIA, AIA San Mateo
Institute of Classical Architecture and Art

#PACIFICIMPACT

A project committed to giving stewardship and the cultivation **2%** to responsible **environmental** of **industry** talent.

environmental restoration efforts that offset damages caused by our industry

programs empowering youth and underprivileged with skills, and creating opportunities to pursue careers in the trades

intelligently designed construction projects that serve the greater good of the community

WINDOWS & DOORS

WOOD

Elegant, versatile and renewable with numerous species and finishes available.

BRONZE

Naturally beautiful with unmatched resiliency, even in coastal environments.

STEEL

A timeless look with structural integrity (16 times stronger than wood) and the slimmest sightlines.

ALUMINUM

Highly reflective and recyclable in addition to being lightweight without sacrificing strength.

FIBERGLASS

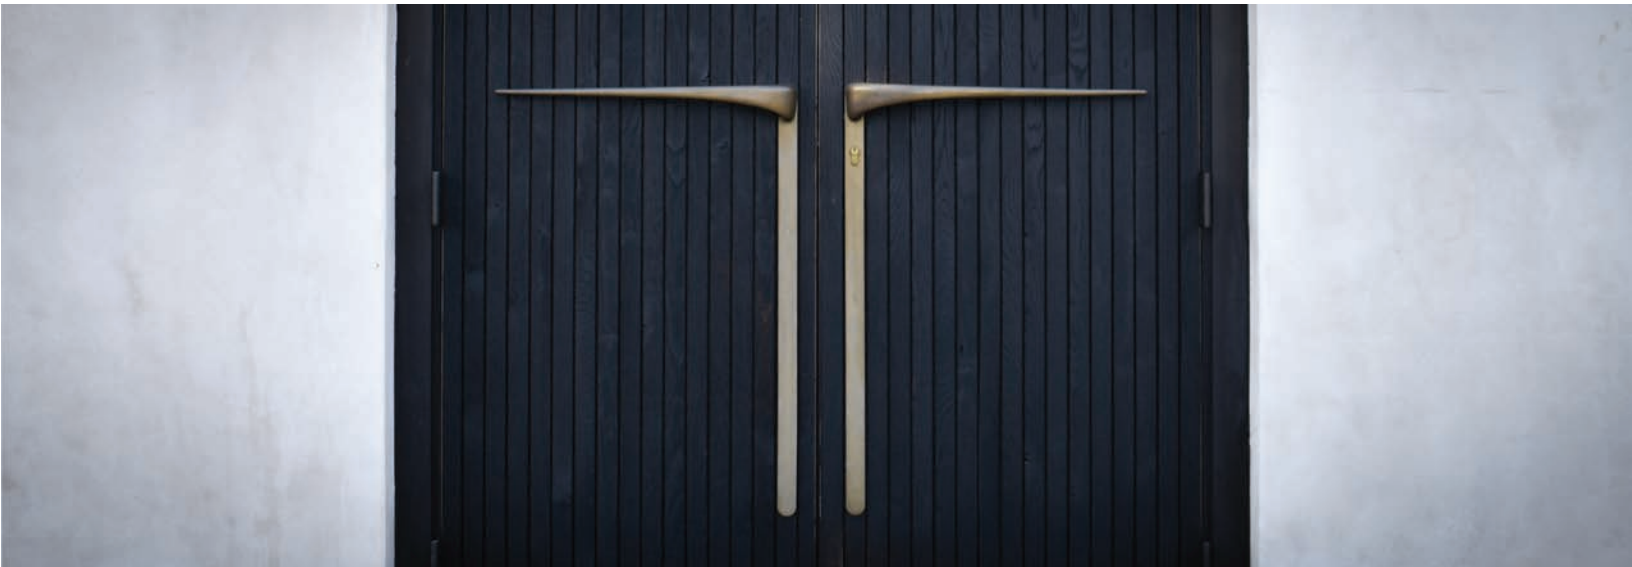

Advanced technology allows for flexible design while maintaining high energy efficiency.

SPLIT

Combining elements can make the whole greater than the sum of its parts functionally and aesthetically.

ARCHITECTURAL HARDWARE

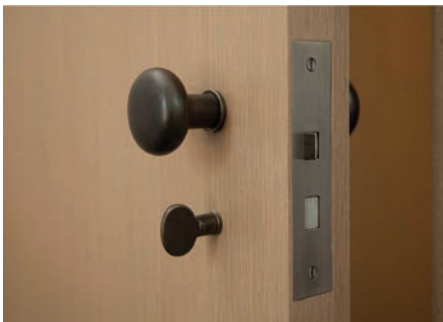

Custom Hardware by Chant for Tantalus Vineyard

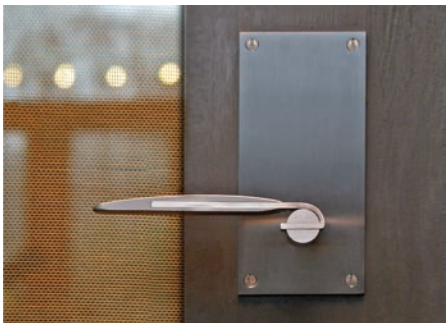

Stretch Lever by Chant

Barn Door Track by Sun Valley Bronze

Minimalist Collection by Sun Valley Bronze

Bainbridge Lever by Reveal Designs

Round Lotus Vessel Sink by Sun Valley Bronze

1058 Lever by FSB

BUILDING MATERIALS
